REF DWGS: MP100 TEKLA STRUCTURES

Per AISC Steel Construction Manual 13th Edition 16.3.3 Commentary:
While it is the Fabricator's responsibility to report any discrepancies that are discovered in the Contract Documents, it is not the Fabricator's responsibility to discover discrepancies, including those that are associated with the coordination of the various design disciplines. The quality of the Contract Documents is the responsibility of the entities that produce those documents.
